Cleanses  
Water  
thoroughly  
Perfect

**IN EVERY DETAIL.**  
Separates trash from the water before the water is filtered.  
Water filters upward through active, preventing trash from being mixed with filtering material. Bird nests, leaves, trash, etc., cannot possibly enter filtering material, as it is caught in the bottom of filter before water is filtered.  
When screw cap is removed, it allows filter to dry out thoroughly. There is no chance for bugs or any kind of insects to accumulate as it does in other filters from dampness.

### A Beautiful Ring.

THE RECORD's premium for Fancy Turnout at the Danville Fair, drew one of the prettiest shows ever seen in a similar ring. Several entries were made and the contest was beautiful. The blue tie was given Mr. C. C. Harris and wife, of Lexington, and the red to Mr. Horace Bowman and Miss Lizzie W. Reid, of Boyle.

### Meeting at Antioch.

Eld. George Gowen's meeting at New Antioch, has drawn more people to that church than was ever known at similar meetings. The house has been crowded, and Sunday the people could not all get in. Mr. Gowen has not been in good health lately and his continued preaching has pulled him down considerably. There have been sixteen additions to the church so far. The meeting closed Monday night.

### To The Pen.

Sherriff Saunders took the following prisoners to the penitentiary Tuesday. Jake Ollie, Geo. Jenkins, Jno. Diamond, Bill Green and Oscar Hicks. All are negroes and convicted last week in circuit court. They were sent up for breaking into houses, stealing, etc.

### Packiest of Pecky Nuisances.

If someone will invent an infernal machine to blow up the fellow who goes into a business house and scans every paper on the desk, he will make a fortune. Some fellows can stretch their necks out at least two yards and look over a business man's shoulder. This is not ignorance nor thoughtlessness, but simple idle curiosity.

### Big Times in Louisville.

The editor of THE RECORD has been honored by appointment as a member of the "Publicity and Promotion Committee" of the Louisville Industrial Exposition, Street Fair, Midway Carnival and Festival of Fire, which is to be held in that city on Oct. 9th to 21st inclusive, except Sunday, under auspices of Louisville Elks. The occasion will be one of the greatest in history of the city, and will draw thousands upon thousands of people.

### This is For All.

Just received at Fuller & Simpson's fresh wheatlet grape-nuts, condensed milk, and lots of other good things too numerous to mention. We have no limit in buying country Hams, Lard, Eggs, Meat etc. Take all you can bring us at highest prices. Fuller & Simpson.

We are now in the city selecting our great Fall stock. It will arrive shortly and we must have room. We are almost giving away goods now in order to get them out of the way. This clearance sale has been the biggest one ever held in Lancaster. Look out for our Fall announcement.

J. JOSEPH.

### Getting Serious.

The dust and drouth are becoming almost unbearable, and unless a shower comes soon, stock will suffer. Many people in town are hauling all the water they use, and washerwomen are having great trouble in turning out their work. As this is the second serious drouth this season it should, it seems, have a tendency to put those "erposed" to water works to think a little.

### Fits Guaranteed.

We have studied the measure blanks and have fit all shapes of men, and our customers will testify; and we do not want you to take goods if they do not fit. We sell the best quality of goods, from the oldest and largest house in the nation, at a uniform price and a very small profit, as we will prove to you if you will give us a call. Compare quality, prices and fits.

M. D. HUGHES, Ag't.

### Burr-Tails.

Some people have about as much idea of maintaining home enterprises as a hog has of the Philippine situation. What we want is more up-to-date hustlers. We have many men in Lancaster who work like Trojans to advance the town's interest and support their enterprises, but, on the other hand, we have a few (only a few, thank heaven) who will never get the burrs picked from their tails.

### Receivers Appointed.

On petition of leading stockholders a temporary receiver has been appointed for the Richmond Electric Light Company. The stockholders in their petition bring serious charges against President Hauss and Manager Adair, of the company, who are said to have left town taking with them the company's books and records. The Hume boys, are largely interested in the plant, and through their push and enterprise the plant was straightened out and is again running at full tilt.

### Business Change.

Mr. W. B. Burton yesterday bought out the interest on his partner, Mr. Chas. E. Barker, in the large livery stable on Stanford street, Mr. Barker will return to his farm near Buckeye. The business has been remarkably good and the young men certainly deserve the good patronage the stable is receiving. Mr. Burton will continue to furnish the very best horses and bugles and you can depend upon receiving first-class service when you call upon him.

### Got You A 'Phone.

Some regular subscribers to the telephone system are greatly annoyed by neighbors, and others, running in and using their 'phones. This is thoughtlessness upon the part of those using the instrument. A subscriber pays for his 'phone just like he hires anything else. If you had a buggy hired from a livery stable, would it be right for some one to want to borrow it? Telephone rent is cheaper in Lancaster than any other town in the state, and those wanting to talk should rent one, or go to the Simpson Hotel, where there is a pay station.

House for rent. W. J. Romans.

September 1st and after eggs cash, H. B. Northcott.

Circuit court adjourned Saturday. The dockets were pretty well cleaned up.

### New Barber.

Joe Niklass, the new barber. Shop N. E. corner Public Square. All work done in the latest style. Give me a trial.

### Case Continued.

The case against Gillis Prather for killing Burton at Paint Lick was continued until next term of court. The defendant was not ready for trial.

### To The Boys.

Come and have your measure taken for a tailor-made suit, as cheap as one ready-made. This is something new in Merchant Tailoring.

M. D. HUGHES, Agt.

### Stricken by Paralysis.

Mrs. W. B. Moss received a telegram Sunday night stating her brother, Col. David G. Colson, had been stricken by paralysis at his home in Middleboro. Later reports say he is much better.

### Taxes Due.

Town taxes are now due, and property owners should come forward at once and settle. This has to be done and those putting it off too long will be put to extra expense.

6-22-tf. E. M. WALKER, Collector.

### Died in the West.

THE RECORD has received a notice announcing the death of Lottie Belle, daughter of Mr. and Mrs. Sam Bruce, which occurred at Saloom Springs, Arkansas, August 26th. Mr. Bruce and family moved from Lancaster nearly three years ago.

### Bargains.

Come to North side of New Hotel and see 900 of the latest designs in Fall and Winter, Foreign and Domestic Woolens, ever brought to this market, at prices that will make them go. Tailor made or ready made, absolutely all wool, made in the most approved style.

M. D. HUGHES, Ag't.

### Free Reading.

Free copies of a couple of daily papers have been distributed to all our citizens this week. People hereabouts have gone to work and have little time to talk politics. A few stragglers loaf about town though and tell what they don't know about situation.

### Telephones Extended.

The Independent lines have been completed to Somerset, Burnside and Monticello. You can now talk direct to these points with the 'phone in your house. The Independent lines are spreading all over the state, and is growing in popularity all the time.

**Christian Church Announcement.**  
At the Christian church next Sunday morning, the pastor, Eld. Charles E. Powell will preach on "Some Distinguishing Principles of the Christian church." All of the members are urged to be present and the public is cordially invited to attend.

### Not The Record's Fault.

We advertised in last issue that the L. & N. would run the usual excursion last Sunday, but it proved to be a mistake. The announcement was telephoned to this office from the depot. Quite a number were disappointed.

### To Ambitious Young Men.

ELISA J. LUSK, Co. Supt.

### Notice of Election.

Notice is hereby given that on Tuesday, November seventh, eighteen hundred and ninety-nine, from seven o'clock a. m. to four o'clock p. m., continuously, an election will be held in and for the City of Lancaster, Kentucky, by the qualified electors of said city, to determine whether said city shall incur an indebtedness of fourteen thousand dollars for the purpose of furnishing said city with water, (fifty fire hydrants), for seven years. Said indebtedness to be paid in seven equal annual installments. The amount therefore necessary to be raised annually by taxation is two thousand dollars.

R. KINNAIRD, Mayor, of city of Lancaster, Ky.

### Pronounced Success.

The New Danville Fair Association has every reason to shake hands with itself over the great success achieved last week. Never in the history of the old amphitheater was it called upon to hold such a crowd as was there Friday, while on the preceding days the attendance was remarkably large. This is all due to the push of President Lillard, Secretaries Bright and Woodcock, and the hustle of an up-to-date, wide-awake board of directors. These were all young men, and they moved about the crowd, making everyone feel at home. This sociability on the part of the managers was appreciated by the crowd, and its safe to say that all who attended this year will go back next time. The show of stock was splendid, the liberal premiums bringing stock from all over the state. Each award seemed to suit all interested, as no kick was registered by anyone. The order was the best we ever saw, no drunkenness or smart Alec's on hand to annoy the patrons. Friday there were from forty-five hundred to five thousand people on the grounds. When Goebel and Blackburn arrived on the grounds, they were driven into the ring and ushered into the secretary's office, where a general handshaking was held. After an elegant dinner, served by the ladies of the Presbyterian church, the speakers went to the stand which had been erected at the track, back of the amphitheater, and for nearly four hours democratic oratory was poured out over a sweltering mass of humanity. Notwithstanding the fact that the speakers had an immense throng, the crowd at the show ring remained nearly as large as was present in former years, and the show of stock continued uninterrupted.

THE RECORD congratulates the officers, from president down to the fellow who rings the bell, and assures them that their efforts were appreciated by folks on this side of Dix river, who look forward to next year's exhibition with much pleasure.

THURSDAY, September 7 1899

JUDGING from the way the crowd flocked about Hon. James B. McCreary at the Danville fair Friday, that gentleman is still very warm in the hearts of eighth district people.

THE Nicholasville Democrat has changed its make-up, and now appears a five-column quarto. The change is a decided improvement. The Democrat has been climbing under the present editor's work.

A KANSAS preacher was started last Sunday to see his young hopeful in the gallery of the church, pelting the congregation with peanuts. Trying to express his disapproval by a frown, his tongue clove to the roof of his mouth as the boy called out: "You tend to your preachin', dad, I'll keep 'em awake."

MORMON elders continue to receive rough treatment all over the state. We suppose the ring leaders in these assaults are church members. The average "church members" of today is just about that calibre of man who thinks all he must do have his name upon the books and contribute towards defraying the expenses. Genuine religion is getting to be an exceedingly scarce article in this country.

DR. W. GODFREY HUNTER is said to be keeping an eye on the Kentucky campaign with particular regard to the probable complexion of the next Legislature. His nibs is not the only professional place-filler who has an eye peeled in that direction. The fight for U. S. Senator will be the hottest ever held by a Kentucky legislature, and this far in advance, a number are laying their plans.

The Louisville base ball club has cancelled its remaining home dates, and not much would be missed if they would cancel all others. A good team would be greatly appreciated by not only Louisville people, but those out in the state, and it is strange one is not kept. Every season the management secures three or four good men and expects them to do all the work with the assistance of a few farm hands who ought to be plowing.

If a man will read the daily papers, on all three of the present "sides" of the campaign, he will soon come to the conclusion that they are all talking through their hats. If a democrat makes a speech his papers estimate the crowd up in the millions, while the republican press states the crowd numbered about 150. And so is the case when a republican speaks. "Only a few persons were present," is the way reports read. To others than professional politicians, this is extremely disgusting.

THE other day we heard a sweet-faced maiden say, "I wouldn't give two cents for one of these old stiff-necked men with a college education beaten into his solid skull, and who has no common, every-day sense. He may know how to pronounce these new-fangled words, but he couldn't earn a turn of meal in two months." In this the pretty little Miss tells a lot of gospel truth. A college education is a thing to be prized, but, much to be regretted, many fellows think the dollars ought to hunt them up when they possess a sheepskin.

BRO. JIM ALLEN, of the Cynthia Democrat, has invented a unique plan which frequently helps him out of a hard place. Mr. Allen, like most of us, has trouble in remembering names and faces. A happy thought struck the clever editor, and he followed it out by placing his sanctum in the rear of the printing establishment. Robinson, his foreman, is blessed with the faculty of remembering everybody, and now when a man enters the Democrat's establishment, Robinson greets him with a "Hello, Mr. Jones". Editor Allen at once comes forward and is very glad to see Mr. Jones. The scheme works to a Queen's taste, and has been adapted, in part, in another office not far from Lancaster's Public Square.

THE professional politician doesn't seem to set well with the Winchester Democrat. Listen to this: "A professional politician of the present day has no fixed principles. He is very much in the condition of the negro at the beginning of the civil war, 'I's whatever you is massa.' The average politician of to-day manages to flounder around and looks wise until he becomes convinced which will be the winning side and then he gently falls into line and is soon found sawing the air with all his might and main. O all the people on top of God's earth that deserves real pity, it is the man who has no opinions of his own, independent of the populace."

STOPPED THE BACK-ACHE.  
A. B. BASS, Morgantown, Ind., writes: I was afflicted with kidney disease and had to get up quiet often during the night and suffered severe pains in kidneys and with backache, I used Foley's Kidney Cure, after taking three bottles I am entirely cured. C. C. & J. E. Stormes.

## Mrs. William Bradshaw.

The subject of this sketch, Mrs. Clara B. Bradshaw, was born May 29, 1875, and died Aug. 26, 1899, aged 24 years and 4 months.

Death is always cruel but especially so in the case of the young and fair. This was sadly illustrated in the death of Mrs. Bradshaw whose loving husband and tender young son will live but to learn each day more and more the loss which they have sustained, but while we grieve at her untimely death we rejoice to know that an earnest christian faith had prepared her to meet and conquer our last enemy. She was a consistent member of the Baptist church having been baptized into the fellowship of the Freedom church two years ago and but for that dread disease, consumption, she might have lived for many years of usefulness. "Her sun went down, while it was yet day." She will be sadly missed by her family, her church and the community. But recognizing the hand of Him whom she trusted in life and death we are constrained to say, "The Lord hath given and the Lord hath taken away, blessed be the name of the Lord." Her remains were laid away in the Lancaster Cemetery after prayer and the reading of scripture by the Rev. J. C. Massee, of the Baptist church. To the sorrowing loved ones we would say, remember that for her, death is swallowed up in victory through grace in the Lord Jesus Christ. A FRIEND.

## No Right to Ungliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run-down invalid. Only 50 cents at R. E. McRoberts' Drug Store.

## A Soldier's View.

A Kansas young man, possessed of unusual aptitude for cultivating the friendship of the fair sex, enlisted for service in the Philippines, and after being on the firing line for some time where he saw some rough skirmishing, wrote back to a friend as follows: "For fifty-five days I never saw a woman. Fellow citizens, if you want to appreciate a woman get away from her. You know what the Creator did when he performed the first surgical operation on Adam. If you want to know what a grand, glorious, sugar-coated thing a woman is, join the army as I did—seeing nothing but men from morning till night. Join the army and lead with men, carry men, shoot men, men, nothing but men. Live in a perpetual atmosphere of suppressed profanity, boot smell and tobacco smoke, and at the end of three weeks you will be passionately enamored of the mummy of an Egyptian's servant girl, and give her an electrical kiss that would turn her thousand years of dried hide into flesh and velvet animation."—Ex.

## WALLACETON.

Miss Maggie Elliott has been on the sick list for a few days.

Arthur Yocum is spending this week at Manchester.

Mr. Colson, our blacksmith, is preparing to move to Indiana. We hate to see him leave, although we know he will come back—just as others do.

E. B. Wallace has moved his sawmill to a piece of timber he bought of Reuben Kirby 14 miles west of Berea.

Our clever bachelor, Jas. A. Wallace, left last Saturday for a two weeks' visit in Jessamine county.

We are informed that the regular preaching day at the Baptist church has been changed from the 4th Sunday to the 3rd, beginning with next Sunday.

E. W. Baker is at Newport this week, attending the annual conference of the M. E. church, as a lay delegate from this charge. He will not return until the 11th inst., and hence the children of district No. 13, are enjoying (?) a ten days' vacation.

The pike running through Wallaceeton is undergoing a pretty decent repairing. The other roads in the vicinity which at times last winter defied man or beast to pass over (or through) them, and which were threatened with a thorough working before another winter came around, are now throwing dust in the face of the same men who threatened last winter to gravel them this fall; but, yet one can hardly get those same men to talk of any better than the ordinary way of working them, although hundreds of wagon-roads of gravel were dropped within sight of them by the tides of last winter and spring. We must confess that the roads in our community cast a serious reflection upon the people of the community.

## Lung Irritation

Is the forerunner to consumption Dr. Bell's Pine-Tar Honey will cure it, and give such strength to the lungs that a cough or a cold will not settle there. Twenty-five cents at McRoberts Drug Store. 1m

## Over-rated His "Pint."

During one of the several local opinion cat-bights the Lancaster people have gone through with, the question of the validity of a certain saloon license came up, and was being tried before the police judge. The saloon man was represented by Judge Sautley, and, in fact, some six or eight lawyers were locking horns on the questions. One day the battle raged fiercely in the police court room, (which then stood in centre of the Square), and hair-splitting technicalities were being argued. Judge Sautley was (as he always did), working with might and main for his client, and made, what lawyers present said, was one of the cleanest cut, most pointed and able arguments they ever heard. His whole soul was in the case and his eloquence held the spectators spellbound for almost an hour. At the conclusion of the speech everyone thought he had, of course, scored a victory, but the police judge (who didn't know a law book from an almanac), straightened up in his chair, surveyed Judge Sautley from head to foot and said: "Well, Judge, you made a mighty pretty argument, but I'll over-rule your pint." The decision brought down the house, Judge Sautley gathered up his law-books, made tail tracks for Stanford and didn't come back to Lancaster for nearly a year.

## His Life was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I had taken Typhoid Fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular size 50 cents and \$1.00. Trial bottles free at R. E. McRoberts' Drug Store; every bottle guaranteed. 1m

## Prohibition Platform.

The Prohibition party in the State of Kentucky, in convention assembled, acknowledge the authority of the Almighty God, and declaring that to his will all just government should conform; and announcing our allegiance to the Prohibition party, hereby set forth the following declarations:

1st. We declare for the complete legal prohibition of the traffic in intoxicating beverages in all their forms.  
2d. We believe that intelligence, patriotism and an interest for the welfare of the country, and not sex, should be the qualifications for suffrage.  
3d. We recognize the W. C. T. U. as our most faithful ally in our struggle for sober citizenship.  
4th. We demand the repeal of the odious Goebel election law.  
5th. We invite all good citizens to unite with us at the polls in the election of the Prohibition ticket. We hold that every citizen who gives allegiance to a license party becomes personally responsible for the iniquities of the license system, and we exhort the Christian citizenship of Kentucky to come out from political parties dominated by the rum traffic.

## Remember Them Next Winter.

The question of servants has caused housekeepers much annoyance this summer, in fact it has been worse this year than ever before. The same complaint comes from all over the State, and in Woodford county, the county judge has published the following card: Editor Woodford Sun: Allow me, through the columns of your paper, to offer the impropriet citizens of our town some suggestions which I hope may prove beneficial to them.

During the intense cold winter of last year the churches of our town raised contributions and put the same in my hands to be appropriated in purchasing fuel, provision, etc., for the needy and sick. For six days, with the Mayor, Chief Police and other good citizens, I remained continuously in my office to meet wants and importunities of those who represented themselves as being destitute of the necessities of life, a large number of whom were deserving objects. I have a list of those furnished. There are now, and have been during the summer, many families in the town and surrounding county who cannot, for love nor money, hire help, and many of those who now decline to accept honest employment are the same who were provided for during the cold weather. Many good people who contributed to the relief fund last year, have told me recently that they never will again contribute to unworthy objects. The intention of this communication is to urge upon all the necessity of proving, as best they can, for the coming winter. L. H. Parrish, Co. Judge.

## Going Down Hill.

People suffering from Kidney Diseases feel a gradual but steady loss of strength and vitality. They should lose no time in trying Foley's Kidney Cure, a Guaranteed Preparation. C. C. & J. E. Stormes.

## Coughed 25 years.

I suffered for 25 years with a cough, and spent hundreds of dollars with doctors and for medicine to no avail until I used Dr. Bell's Pine-Tar-Honey. It has saved my life.—J. C. Rosell, Grantsburg, Ill. McRoberts Drug Store.

A new confidence game is being worked. A well dressed stranger drives up to a farmer's home and asks to be allowed to remain all night. If the farmer allows him shelter, he remains for about three hours when a couple in bridal clothes drive up and ask if the farmer is a minister as they wish to get married. The farmer is not, but the stranger No. 1 says he is a clergyman and produces his credentials. The couple are "married" and after all services are over the farmer and wife are asked to sign the marriage certificate and willingly consent. The couple drive off and the next day the stranger leaves the farmer's house in a bluster of thanks for kindness in giving him shelter for the night. In a few days a note for \$60 turns up in a local bank with the farmer's and wife's signatures on it and they have the note to pay. The stranger in placing the marriage certificate before the farmer to sign had, by a swift manipulation of the hand, placed a promissory note back and slightly below, the marriage certificate and the farmer and his wife had unknowingly signed a promissory note. Sign no papers of any kind or you may be an innocent victim.—Ex.

If so, you must not pass this warning as it is an indication of sickness; avoid this; consult us as our advice costs you nothing. Call on your druggist and procure a bottle of Dr. Carleton's German Liver Powder. Take one dose a day at bed time for six days; then follow by procuring a bottle of Yecatan Chills Tonic, following the directions and after two weeks' course of these two great remedies, you will feel like the flowers look in the spring. A prominent Virginia Editor Had Almost Given Up, but was Brought Back to perfect Health by Chamberlain's Colic Cholera and Diarrhoea Remedy.

**READ HIS EDITORIAL.**

From the Times, Hillsville, Va.  
I suffered with Diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man to-day and feel as well as I ever did in my life.—O. R. MOORE. Sold by R. E. McRoberts, Druggist. 1m.

# CANCER IS DEADLY!

**Results Fatally in Nine Cases Out of Ten—A Cure Found at Last.**

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed.

Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

"Cancer is hereditary in our family, my father, a sister and a aunt having died from this dreadful disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse until it seemed that I was doomed to follow the others of the family, for I know how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction, though many years have elapsed. S. S. S. is the only cure for Cancer.—Mrs. S. M. Idol, Winston, N. C.

Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.
